SUMMARY

I am a fresh graduate in Information Systems from Telkom University with a broad interest in technology and software development. With hands-on internship experience in Quality Assurance, I have developed strong analytical skills, attention to detail, and a deep understanding of software development lifecycles — skills that are highly transferable across various roles. I am an adaptive, organized, and critical thinker who consistently approaches challenges with an out-of-the-box mindset. I am eager to contribute to a dynamic team and grow professionally in an environment that challenges me to deliver meaningful impact.

EDUCATION

Telkom University, Bandung *Bandung, Indonesia*

Bachelor of Information Systems, School of Industrial Engineering *2021 - 2025*

GPA: **3.75 (Cumlaude)**

- **Author & Presenter – IEEE International Conference on Information and Communication Technology (ICOICT 2025)**
  Authored and presented a research paper on "Development for a Flood Information Dissemination System Admin Module in Citeureup Village Using Iterative Incremental Method" at IEEE ICOICT 2025, contributing to the academic community while enhancing skills in technical writing, public speaking, and research dissemination through discussions with international researchers.

SKILLS

Technical Skills: Functionality Testing, Scenario Testing, API Testing, User Acceptance Testing, Manual Testing, Automation Testing, Software Documentation, System Analysis, SDLC, Business Process Modelling.

Tools: Jira, Postman, Apache JMeter, Figma, Trello, Visual Studio Code, Dbeaver, G-Sheets.

Programming Language: Python, Java, Html, Css, Php, Javascript.

Test Automation Frameworks: Cypress, Playwright.

Query Language: MySQL, PostgreSQL.

Certifications: BNSP System Analyst, User Interface Design (Myskill). View Certificates

EXPERIENCES

IT Quality Assurance *October 2025 - Present*

Alfagift *Onsite, Indonesia*

- Successfully managed end-to-end QA lifecycle for **6** diverse projects, encompassing web applications and complex WhatsApp Chatbot integrations via backend APIs.
- Engineered robust E2E automation suites using Cypress, significantly reducing manual regression testing time and increasing overall deployment confidence.
- Identified and systematically documented **370+** bugs across all projects, including a major high-scale system with over **207** identified issues, ensuring rapid resolution and **100%** feature stability.
- Optimized data integrity by performing rigorous data validation on MySQL relational databases using DBeaver, ensuring zero data discrepancies in production.
- Spearheaded User Acceptance Testing (UAT) for all **6** projects, aligning technical deliverables with business requirements to achieve high stakeholder satisfaction.
- Designed comprehensive test scenarios and bug reports that streamlined the debugging process, facilitating a faster and more efficient development cycle.

Software Quality Assurance *August 2024 - December 2024*

Aksesmu *Onsite, Indonesia*

- Managed QA for **12** projects, executing manual, functional, and performance testing (Apache JMeter) across Web and Android platforms.
- Identified and tracked **100+** bugs using Postman for API testing and DBeaver for MySQL database validation to ensure data integrity.
- Benchmarked **3** mobile devices and authored technical documentation to determine optimal hardware compatibility for end-users.
- Executed end-to-end testing, including Web/Mobile functional tests and User Acceptance Testing (UAT), to guarantee feature reliability.
- Prepared and maintained comprehensive QA documentation, ensuring all test cases and results were structured for seamless production release.

Data Entry *June 2024 - August 2024*

Telkom Indonesia *Onsite, Indonesia*

- Entered and updated large volumes of data accurately into databases and spreadsheets.
- Utilized tools such as Microsoft Excel, Google Sheets, and database platform for efficient data management.
- Verified, validated, and cross-checked data for consistency and completeness.
- Prepared and maintained comprehensive QA documentation.

Analysis and Design of Information Systems Practicum Assistant *February 2024 – June 2024*

Onsite, Indonesia

Telkom University

- Guided students in learning system analysis and design using Visual Paradigm tools, including Component, Deployment, Class, Sequence, Use Case, and Activity Diagrams.
- Assisted students in requirement identification, use case specification, and competency assessments during practicum sessions.

Object Oriented Programming Practicum Assistant *August 2023 – December 2023*

Telkom University *Onsite, Indonesia*

- Guided students in understanding fundamental concepts of Object-Oriented Programming (OOP) in Java, including abstraction, encapsulation, inheritance, and polymorphism.
- Assisted in lab sessions, explained key concepts, and supported students in solving programming exercises.

Project-Based Virtual Internship: UI/UX Designer *August 2023 - October 2023*

Niaga Hoster x Rakamin Academy *Online, Indonesia*

- Redesigned the payment feature for Niaga Hoster, evaluated by mentor during final session.
- Completing various tasks related to the activities of a UI/UX Designer at Niaga Hoster, including Fundamental Prototyping, Lo-fi Prototyping, Hi-fi Prototyping, Prototyping Tools, Micro-Interaction, Interaction Design, Heuristic Evaluation, Designing for Behavioral Change, Usability Testing, and Ideate Solution.

ORGANIZATION EXPERIENCES

Enterprise System Development Laboratory *December 2023 – January 2025*

Head of Human Resources Development *Telkom University, Indonesia*

- Leading and creating a system for the recruitment of UI/UX, Front End, Back End, and Technopreneur.
- Study Groups conducted by the Enterprise System Development Laboratory.
- Creating Key Performance Indicators (KPIs) to determine laboratory members with excellent performance to be awarded as staff of the month.

Enterprise System Development Laboratory *March 2023 – December 2023*

Member of Human Resources Development *Telkom University, Indonesia*

- Assisting the Head of Human Resources Development in fulfilling their responsibilities within the organization.
